1. Approval of Minutes

The minutes of the October 19, 2023, Planning & Stakeholder Relations Committee were approved.

2. Update on October 1 Major Service Changes and High-Level Plans for February Changes (Phillip St. Pierre)

While it is too early for official ridership data, four weeks of preliminary data on the October Service Changes showed:

- The number of trips with standees on 61s, 71s has decreased from 100 trips/avg weekday (almost all in east end) to 37 (almost all in Uptown).
- On time performance on 61s, 71s is up 5%.

February 18, 2024, service changes were previewed since the next committee meeting isn't until January.

The plan consists of minor service reductions of approximately 1.5%, which allows for additional operators to assist with covering service when operators are out and will stabilize service (based on projections) for the rest of 2024 and beyond as the organization turns the corner with operator hiring.

- Routing changes: 2, 12, 15, 67, 74, 89, P76, Y46, Y47, Y49
- Running time adjustments: 51L, 52L, 54, 55, 64, 74, 81, 83, 86, 87, 88, 89, P7, P76, P78, Y1, Y45, Y46, Y47, Y49
- Frequency changes: 51L, 53L, 56, 64, 67, 69, 74, 81, 83, 86, 87, 88, 89, 93, P12, P67, P76, P78, Y45, Y47, Y49
- Anticiapted variant changes: 28X, 67, P10, P16, Y47, Y49, Silver
- Span of service changes: Y1, Blue

With no further business, the Planning & Stakeholder Relations Committee meeting was adjourned.

The next meeting is scheduled for Thursday, January 18, 2023, in the fifth floor Board Room at Pittsburgh Regional Transit offices.
