FOR IMMEDIATE RELEASE (March 24, 2022) – Port Authority is excited to announce the return of two bus routes to downtown Pittsburgh effective with the agency’s quarterly service changes on April 24.

The P2-East Busway Short, which has been terminating at Penn Station on the East Busway since June, will resume serving stops in downtown Pittsburgh.

Additionally, the 69-Trafford, which has been operating between Trafford and Wilkinsburg, will once again resume service to downtown Pittsburgh via Wilkinsburg, Point Breeze, Squirrel Hill, Oakland, and Uptown. Frequency on the 67-Monroeville, which follows the same route, will be reduced.

Also beginning on April 24, weekend 2-Mount Royal service will mirror its weekday service via East Ohio Street in the North Side.

To accommodate additional commuters to Pittsburgh International Airport during ongoing airport construction, a new variant of the 28X-Airport Flyer, the 28X-Airport Flyer Direct, will provide one outbound trip to the airport in the morning and one inbound trip from the airport in the afternoon. The 28X-Airport Flyer Direct will bypass Robinson Town Centre.

Riders are reminded to check their schedules, as some trip times have been modified.
