(Ross Collier West Mifflin East Liberty)

Effective: 5/1/2022 to 5/1/2022

Sunday

Effective Sunday, May 1, 2022 From Start Of Service On Each Route Until Approximately 4:00 PM

The City of Pittsburgh has provided a permit to Pittsburgh Three Rivers Marathon (P3R) to hold its annual Dick's Sporting Goods Pittsburgh Marathon, the UPMC Health Plan Half-Marathon, the FedEx Ground Marathon Relay and a new event, the UPMC Sports Medicine "BACK-Half" Marathon Races on Sunday, May 1, 2022.

The race will start on Liberty Avenue in the heart of Downtown Pittsburgh, finishing on the Boulevard of the Allies at Stanwix Street, but the course will utilize many downtown and local neighborhood streets for the race.

Downtown streets beyond the start zone will be barricaded at 6:00 AM, but due to the start zone blocking Liberty Avenue up to Grant Street between 1:00 AM and 4:00 AM, all buses must begin their detours with the first trips into town.

Once closed, they will remain so until the race is completed.

Though some neighborhood streets will be opened as the race passes to allow for access to churches and businesses, to remain consistent with routings, all bus routes will **REMAIN ON DETOUR** until the last runner clears Liberty Avenue on their way to Smithfield Street at approximately 3:30 PM.

About another hour will take place for cleaning and barricade removal before most routes are returned to regular route within their communities and in Downtown.

After the marathons and relays are completed, other smaller detours for select routes Downtown will take over, that will still be blocked accessing the Boulevard of the Allies, Commonwealth Place and Fort Pitt Bridge access ramps until the finish line is removed and end festivities are completed.

Operators are to begin their deviations Downtown with the first regularly scheduled units on each route.

Most routes will be returned to regular route at the same time, when announced by Traffic around 3:00 PM; excepting those in the Gateway Center and Stanwix Street area, which should return around 6:00 PM.

Special Instructions:

On Sunday, May 1, 2022, operators may have to use other on and off road routings different from normal practice in order to reach each terminus.

Please check the attached marathon map to see if your route is affected.

If so, or if you have any questions, please contact your Division Instructor for the best route.

This Detour Will Be Effective With The First Service Unit On Each Route On Sunday Morning, May 1, 2022.

Resumption Of Regular Route Or Transition To Residual Detours, Will Be Announced By Bus Traffic Operations (BTO) Late Sunday Afternoon.

Charles Rompala, Darnise Demery & Jessica Delaney

Manager & Assistant Managers, Special Service, Events & Detours - Operations
