2. Bus Line Redesign Project Overview (Ellie Newman)

The Bus Line Redesign Project's intent is to rethink the entire bus network in a comprehensive manner as a priority project from the NEXTransit long-range plan.

The project will create a Bus Line Redesign that:

- Promotes ridership
- Provides better access to frequent transit
- Creates a simpler bus network
- Promotes equity and inclusivity

Data taken into consideration:

- Population demographics and trends
- Cellphone travel data
- Performance of existing network
- Public comments and service requests
- Planned capital projects

In-person outreach will occur between October and November with 24 pop-up events around the county as well as tabling at all five operating divisions.

Online engagement will include a survey and online public meetings on Nov. 14 and 16.

With no further business, the Planning & Stakeholder Relations Committee meeting was adjourned.

The next meeting is scheduled for Thursday, November 9, 2023, in the fifth floor Board Room at Pittsburgh Regional Transit offices.
