

FOR IMMEDIATE RELEASE (August 12, 2020) – Two Port Authority employees tested positive for COVID-19 since last week’s update, bringing the total number of employee cases to 39.

Both employees – a mechanic and a service person – work at Port Authority’s facility in the city’s Manchester neighborhood. They both last worked on Friday, July 31 and both reported testing positive on Thursday, August 6.

Port Authority continues to follow all state and county health department guidelines and as with all previous cases, confidentially reported these cases to the Allegheny County Health Department.

Port Authority reminds all riders that vehicle capacity limits will remain in place so riders can socially distance as much as possible.

Face coverings are required at stops and stations, when boarding and riding inside vehicles, and at the Downtown Service Center.
