FOR IMMEDIATE RELEASE (July 22, 2022) - To allow contractors to install ground monitoring equipment related to a future construction project, the North Shore Connector will be closed from Saturday morning through Tuesday night.

Shuttle buses will operate about every 20 minutes from Gateway Station to both North Side and Allegheny stations, however shuttle frequency will depend on employee availability.

The light rail system will operate regular service from Gateway Station to the South Hills.

Riders attending events on the North Shore should allow for additional travel time.

Riders with questions about service are encouraged to call Pittsburgh Regional Transit Customer Service at 412-442-2000. Customer Service representatives are available weekdays from 6 a.m. to 7 p.m. and weekends from 8 a.m. to 4:30 p.m.
