

FOR IMMEDIATE RELEASE (March 17, 2023) – Pittsburgh Regional Transit is joining transit agencies across the country in recognizing bus and light-rail operators by observing Transit Driver Appreciation Day on Saturday, March 18, 2023.

PRT has more than 1,000 transit operators who work 365 days a year to keep Allegheny County moving. They are often the first people we see after leaving home and the last people we see at the end of the day.

We thank them for going the extra mile to get us where we need to go.

PRT encourages riders show their appreciation to bus, light-rail, and incline operators on Transit Driver Appreciation Day and every day.

Riders can also show their appreciation by submitting a message of praise at www.ridePRT.org/CustomerService.

If you would like to become a PRT operator, we're hiring! PRT offers competitive hourly rates starting at \$22.82 after training with benefits that include health insurance, tuition reimbursements, and retirement plan options. Please encourage friends, family, and community members to become part of the PRT team that keeps our region moving. Apply at www.rideprt.org/careers.
