### By investing in electric buses, PRT is in it for the long run.

- **Two-Car Trains**
  - Trains do not have an operator on the second car and the second car opens its doors only at selected high-level platforms. Before getting on board or off, ask the operator if any street-level stop can use only the first car of the train. Only enter the second car if you are exiting at one of the following stations:
    - Allegheny
    - South Hills Junction
    - North Side
    - Gateway Center
    - Wood Street
    - South Hills Village
    - Short Place
